

Bigleaf Networks Retail Pricing

Valid through March 31, 2020

Standard Packages – North America and Europe

12-mo term standard. Includes 1 usable static public IPv4 address, more available as outlined below. Standard delivery timeframe is 2-3 weeks from completed order, see expedite options below if needed. Details on speeds vs. pricing here: <http://www.bigleaf.net/how-bigleaf-pricing-compares>

Speed Package	Price	PROMO Ends March 31, 2020	
		Setup Fee (one-time fee) One-time setup & rental fee for equipment	
		12-month term Standard	36-month term 100% off
1000/1000Mbps	\$799/month	\$549	\$0
500/500Mbps	\$499/month	\$549	\$0
250/250Mbps	\$299/month	\$549	\$0
100/100Mbps	\$199/month	\$349	\$0
50/50Mbps	\$129/month	\$349	\$0
20/20Mbps	\$99/month	\$349	\$0

Static IPv4 Addresses

No monthly fee and the first usable IP address is included free! Note the fees listed here are for initial blocks only. Additional add-on IP blocks at a site incur higher fees since the "first one free" has been used already.

CIDR Mask	Usable IPs, standard	Usable IPs, with HA	Monthly Fee	Setup Fee, standard	Setup Fee, with HA
/30	1	N/A	\$0/mo	\$0 Setup	N/A
/29	5	2	\$0/mo	\$120 Setup	\$0 Setup
/28	13	10	\$0/mo	\$360 Setup	\$240 Setup
/27	29	26	\$0/mo	\$840 Setup	\$720 Setup
/26	61	58	\$0/mo	\$1800 Setup	\$1680 Setup
/25 or larger	More	More	\$0/mo	Custom	Custom

On-Site Hardware Redundancy Upgrade Options

Provides on-site hardware redundancy either via full hot-standby high-availability (automated failover), or warm spare (physical router swap required). These are additional costs on top of the standard package fees above.

Package	Monthly Price	Setup Fee One-time setup and rental fee for equipment
<input type="checkbox"/> Warm Spare upgrade: 10-100Mbps equipment	\$49/month	\$399
<input type="checkbox"/> Warm Spare upgrade: 250-1000Mbps equipment	\$49/month	\$799
<input type="checkbox"/> High-Availability upgrade: 50-100Mbps equipment	\$149/month	\$399
<input type="checkbox"/> High-Availability upgrade: 250-1000Mbps equipment	\$149/month	\$799
<input type="checkbox"/> High-Availability Switch Add-On	\$0/month	\$3,999

Expedite Fees

Standard timeframe from complete order placement to router delivery is 2 weeks. Expedite upgrades reduce that to 1 week (rush) or 1-3 days (emergency).

Service Configuration	Rush Expedite (1 week)	Emergency Expedite (1-3 days)
Standard	\$149	\$299
With Warm Spare	\$399	\$599
With High-Availability	\$499	\$999
